

You are invited to AGSA's
1st ANNUAL ADULT SIBLINGS
GROUP

For adult siblings, siblings-in-law, and professionals interested in sibling issues. Program will cover future planning, caring for the caregiver, family dynamics and relationships.

Sunday 18 April 2010

Registration @ 9.30am

10am to 1pm Includes lunch

Association of Genetic Support of Australasia

66 Albion Street

Surry Hills NSW 2010

Sessions are no cost, but bookings are essential

You may feel that others do not understand your situation

You may feel you have missed out as a child

Sometimes you may feel that your brother or sister is still the focus of attention in your family and you feel resentful

You may be unsure about the genetic implications for you (or your children) of your brother or sister's condition

You may be concerned about the future care of your brother or sister

*Facilitated by Alison Trainor,
Northcott Disability Services*

Alison is one of seven children. Her older sister was born with Halleworden Spatz syndrome, a rare genetic disorder with symptoms similar to cerebral palsy.

- Presentation on 'Siblings: Brother and Sisters of People with Special Needs'.
- Group Discussion on issues with growing up with a sibling with special needs.
- Exploring the affects of siblings' special health, developmental, and emotional needs.
- Social and Networking.

Parking can be difficult. If possible come by train and walk up Albion Street- takes approximately 10 minutes from Central Station.

Wilson parking

Cnr Goulburn & Elizabeth Streets,
Sydney, entrance via Goulburn Street.

\$10.00 flat rate Sundays. Take Parking

Please RSVP by 9 April 2010
